PIMENTEL HALL AND NSTP BUILDING FLOOR PLAN

Pimentel Hall

Pimentel Hall stands as one of the key academic buildings at Bulacan State University in Malolos City, Bulacan. Named after Dr. Rosario Pimentel, the first president of the BSU, the building honors his legacy of leadership and service. It houses the College of Nursing (CON) and the College of Information and Communications Technology (CICT)—with the first floor shared by both colleges, the second floor occupied by CON, and the third and fourth floors serving as the home of CICT. Its modern design provides a dynamic environment for classes, seminars, and hands-on learning. With its strategic location and well-designed structure, Pimentel Hall continues to promote academic excellence, innovation, and collaboration among BulSU students.
